

# DCH Regional Medical Center PGY1 Pharmacy Residency

DCH Regional Medical Center offers an ASHP-accredited Postgraduate Year One (PGY1) Residency program based in hospital and primary care practice settings. Residents develop advanced skills as a pharmacotherapy specialist and enhance their teaching, writing, and research abilities. Learning experiences are conducted at DCH Regional Medical Center, University Medical Center and the Good Samaritan Clinic. In addition to excellent clinical experiences, an abundance of teaching and lecturing opportunities exists.
